Cost Effectiveness
- Strategy worksheet

Strategy Worksheet

This is a work sheet for providing services on a sustainable basis. This can be used as a template to design the action plan, which will give you an idea on how to modify the present working system to achieve the sustainability of providing services which are both cost effective and financially viable.

Strategies for Providing Services that are Cost Effective & Financially Viable

Strategy: 10			
Action	Person Responsible	Time Frame From - To	Cost Estimate

**Check list for achieving
cost effective and financially viable services**

The above is a template for providing services which are both cost effective and financially viable. This template can be used to design the action plan required to achieve sustainable service delivery. A list of strategies is given here which can be used as a checklist to guide you in designing the action plan.

Financial Viability:

- Cost of Services
- Length of Stay
- OP & Surgery Days
- Drug Usage
- Community Involvement in Outreach
- Resources Allocation
- Productivity of Surgeon
- Productivity of Paramedics
- Job Re-allocation
- IOL Surgery
- Investigation Procedures
- Pricing
- Package pricing
- Segregating Services
- Improving Paying Facilities
- Optical Shop
- Pharmacy
- Canteen Services
